- Stamp the image on the Very Vanilla layer
- Mask the heart on the soup bowl with the scrap of Post It Note, ink the stamp, then
  <u>remove the post it note</u> before stamping, stamp on 3 X 3 DSP
- Snip the right side of the bowl and cut out the soup portion of bowl, glue bowl to the
  image on the Very Vanilla using liquid glue so you can adjust to fit, color soup
- Using the second from the largest Oval Framelit (#6) cut out the image and pop it up
  with dimensionals on your DSP
- Use a blender pen and the Smokey Slate Ink to create steamy shadows on the words
  and a shadow at the base of the bowl. Add a Baker's Twine bow to the top.   SAL
